

# Farewell to Our Friend

By The Kinzer Family

No words can say  
The way that we feel today  
Your friendship was a gift  
That we'll cherish and uplift  
We've shared so much  
And at times you were our crutch  
To return a favor  
Without a single moments waiver  
But now I am left to recollect  
If there wasn't more I could detect  
The way you felt each day  
When things just did not seem to go your way  
Your spirit will live on  
In every project you worked upon  
And your presence will be missed  
Whenever we reminisce  
About what your friendship has meant  
And on this our thoughts and prayers are spent
